

IIT-Hyderabad 5th most preferred institute among IITs

Sangareddy: IIT-H Director Ch Subramnayam said IIT-H has made a mark in areas related to education and research, though it was just 11-years-old.

“We have developed a novel, holistic academic structure referred to as fractal academics – the key idea is to atomise courses, provide breadth and depth, and create a highly flexible, interactive, and multidisciplinary learning ambiance,” the IIT-H Director said addressing the students during 8th Convocation ceremony. He said IIT-H had been ranked 8th in the National Institutional Ranking Framework and it had been among top 10 ranked institutions, ever since the scheme was announced besides securing 10th rank in Atal ranking.

Professor Subramanyam said IIT-H was the 5th most preferred institute for JEE rank holders.
